## TECHNICAL SKILLS AND INTERESTS

---

**Languages:** C, C++, Java, HTML, CSS, Javascript

**Developer Tools:** Git, Github, Firebase

**Frameworks / Libraries:** ReactJs, Node.js, Express.js, Tailwind CSS

**Databases:** SQL / Mysql, MongoDB

## PROJECTS

---

### • Epic Eats - Food Ordering app

Jun' 24 - Jun' 24

*Tech Stack: React.js, Context Api, React Router, Node.js, Express.js, MongoDB, Tailwind CSS, Multer, Stripe*

- Developed a React.js food ordering app with Tailwind CSS UI and Stripe payment integration.
- Used Context API for state management and built an admin panel for managing items and orders.
- Set up Express.js and MongoDB backend with JWT authentication and multer for image upload.

- Admin Link: <https://epic-eats-admin.vercel.app/> (Email : yashsahane23@gmail.com | Password : 11111111)

### • Pexiflow - Personalized Portfolio Creation app

Mar' 24 - Present

*Tech Stack: React.js, Context Api, Firebase Auth, Express.js, MongoDB, Node.js, Tailwind CSS, Aceternity UI*

- Developing the Portfolio Generation Utility, a robust web application designed to simplify the process of creating and hosting personalized portfolios for users.
- Utilized ReactJS with Context API for efficient state management.
- Implemented CSS modules, Tailwind CSS, and Aeternity UI for a sleek, modern design.
- Leveraged Node.js for a backend service, integrated with MongoDB and Firebase Auth for secure authentication.
- Website Link: <https://www.pexiflow.in/>

### • Shoonya - Yoga Course Management with Live Session Integration

May' 24 - Present

*Tech Stack: React.js, Context Api, React Router, Tailwind CSS, Stripe Checkout, Dyte SDK*

- Developing Shoonya, a comprehensive web application managing yoga courses with user and instructor flows, featuring diverse programs and support for live meeting capabilities for real-time sessions.
- Utilized ReactJS with Context API for state management and CSS modules, Tailwind CSS for UI design.
- Integrated Dyte SDK for live meeting management and Stripe Checkout for secure payments.
- Website Link: <https://www.shoonya.life/>

## INTERNSHIPS / EXPERIENCE

---

### • Shoonya Life

May' 24 - Present

*Frontend Developer*

- Developed Shoonya, a comprehensive web app managing yoga courses with diverse programs, live meeting capabilities, utilizing ReactJS with Context API for state management, CSS modules, and Tailwind CSS for UI design. Integrated Dyte SDK for live meetings and Stripe Checkout for secure payments.

### • Pexilim

Mar' 24 - Present

*Full Stack Developer*

- Developed the Portfolio Generation Utility, a robust web app simplifying personalized portfolio creation, utilizing ReactJS with Context API for efficient state management, CSS modules, Tailwind CSS, and Aeternity UI for sleek design, and leveraging Node.js with MongoDB and Firebase Auth for secure authentication.

### • Analysed

May' 22 - July' 22

*Web Development Intern*

- Worked on the frontend and backend of a jobseeker and recruiter platform using HTML, CSS, JavaScript, PHP developing and implementing features to enhance the platform's functionality
- Supervised a team of interns, ensuring timely and high-quality project completion, and regularly communicated with project managers to provide updates and address issues.

## EDUCATION

---

### • Nutan college of engineering & research

2024

*B. Tech In Computer Engineering*

CGPA: 7.4

### • Government Polytechnic Mumbai

2021

*Diploma In Computer Engineering*

Percentage: 87.7
